

BARIX

AudioPoint SDK

AudioPoint SDK for developing a custom App on Android and iOS

Barix provides an SDK for its AudioPoint solution, allowing the customer to integrate the solution to their own app or build one from scratch. Barix provides the libraries all packaged together to simply integrate them into your Apps source code.

Application

- AudioPoint SDK for iOS and Android working together with Barix M400 AudioPoint devices

Features

- Receive and Subscribe to AudioPoint Channels
- Play AudioPoint Streams

Includes

- Android SDK (Libraries for AudioPoint)
- Android Sample App
- iOS SDK (Libraries for AudioPoint)
- iOS Sample App
- Documentation

Ordering Information

2020.3167 AudioPoint SDK
