BARIX

Exstreamer M400 Zone Controller

For Singlewire InformaCast.

Barix Exstreamer M400 Zone Controller provides an audio endpoint to Singlewire's InformaCast, feeding conventional audio and PA systems. The device is recognized by the InformaCast system and can be addressed as an audio endpoint supporting announcements, paging and background music. Barix devices stand out because of their favorable price and long service life.

Applications

- InformaCast addressable audio decoder with line level stereo audio output

Features

- Singlewire certified
- Plug & Play into InformaCast
- Cost effective
- Longevity (MTBF >22 years)
- High quality audio decoder from Barix, a leading audio over IP product supplier

Technical Specifications
